JOURNAL OF HUMAN STRESS

Annual Index Volume 12

AUTHORS

Austrin HR. *See* Zuckerman LA.
Barth RP. *See* Schinke SP.
Benson H. *See* Lehmann JW.
Bloom LJ. *See* Stout CW.
Brown JD, Lawton M. Stress and well-being in adolescence: The moderating role of physical exercise. Fall (3): 125.
Brown SA. *See* Jacobs S.
Cohen LH, Simons RF, Rose SC, McGowan J, Zelson MF. Relationships among negative life events, physiological reactivity, and health symptomatology. Winter (4): 142.
Constable JF, Russell DW. The effect of social support and the work environment upon burnout among nurses. Spring (1): 20.
Cunningham DA. *See* Howard JH.
Elwood SW, Ferguson HB, Thakar J. Catecholamine response of children in a naturally occurring stressor situation. Winter (4): 154.
Ely DL, Mostardi RA. The effect of recent life events stress, life assets, and temperament pattern on cardiovascular risk factors for Akron city police officers. Summer (2): 77.
Ferguson HB. *See* Elwood SW.
Friedland N, Keinan G. Stressors and tasks: How and when should stressors be introduced during training for task performance in stressful situations? Summer (2): 71.
Friedland R. Commentary. Relationships among negative life events, physiological reactivity, and health symptomatology. Winter (4): 141.
Gilchrist LD. *See* Schinke SP.
Goodale IL. *See* Lehmann JW.
Green LW, Tryon WW, Marks B, Huryn J. Periodontal disease as a function of life events stress. Spring (1): 32.
Henly AC, Williams RL. Type A and B subjects' self-reported cognitive/affective/behavioral responses to descriptions of potentially frustrating situations. Winter (4): 168.
Hollingsworth, HH. *See* Zuckerman LA.
Houston BK, Smith TW, Zurawski RM. Principal dimensions of the Framingham type A scale: Differential relationships to cardiovascular reactivity and anxiety. Fall (3): 105.
Howard JH, Cunningham DA, Rechnitzer PA. The effects of personal interaction on triglyceride and uric acid levels, and coronary risk in a managerial population: A longitudinal study. Summer (2): 53.
Huryn J. *See* Green LW.
Jacobs S, Brown S, Mason J, Wahby V, Kasl S, Ostfeld A. Psychological distress, depression and prolactin response in stressed persons. Fall (3): 113.
Kasl S. *See* Jacobs S.
Keinan G. *See* Friedland N.
Kuiper NA, Olinger LJ, Lyons LM. Global perceived stress level as a moderator of the relationship between negative life events and depression. Winter (4): 149.
Lawton M. *See* Brown JD.
Lehmann JW, Goodale IL, Benson H. Reduced pupillary sensitivity to topical phenylephrine associated with the relaxation response. Fall (3): 101.
Loo R. Post-shooting stress reactions among police officers. Spring (1): 27.
Lyons LM. *See* Kuiper NA.
Marks B. *See* Green LW.
Marziali EA, Pilkonis PA. The measurement of subjective response to stressful life events. Spring (1): 5.
Mason J. *See* Jacobs S.
Maxwell JS. *See* Schinke SP.
McGowan J. *See* Cohen LH.
Mostardi RA. *See* Ely DL.
Olinger LJ. *See* Kuiper NA.
Oliver JM. *See* Zuckerman LA.
Orr E. Open communication as an effective stress management method for breast cancer patients. Winter(4):175.
Ostfeld A. *See* Jacobs S.
Pfohl B. *See* Zimmerman M.
Pilkonis PA. *See* Marziali EA.
Rechnitzer PA. *See* Howard JH.
Rose SC. *See* Cohen LH.
Russell DW. *See* Constable JF.
Schinke SP, Barth RP, Gilchrist LD, Maxwell JS. Adolescent mothers, stress, and prevention. Winter (4): 162.
Simons RF. *See* Cohen LH.
Smith TW. *See* Houston BK.
Stangl D. *See* Zimmerman M.
Stout CW, Bloom LJ. Genital herpes and personality. Fall (3): 119.
Thakar J. *See* Elwood SW.
Tonymon P. *See* Williams JM.
Tryon WW. *See* Green LW.
Wadsworth WA. *See* Williams JM.
Wahby V. *See* Jacobs S.
Williams JM, Tonymon P, Wadsworth WA. Relationships of life stress to injury in intercollegiate volleyball. Spring (1): 38.
Williams RL. *See* Henley AC.
Zelson MF. *See* Cohen LH.
Zimmerman M, Pfohl B, Stangl D. Life events assessment of depressed patients: A comparison of self-report and interview formats. Spring (1): 13.
Zuckerman LA, Oliver JM, Hollingsworth HH, Austrin HR. A comparison of life events scoring methods as predictors of psychological symptomatology. Summer (3): 64.
Zurawski RM. *See* Houston BK.

TITLES

Adolescent mothers, stress, and prevention. Schinke SP, Barth RP, Gilchrist LD, Maxwell JS. Winter (4): 162.
Catecholamine response of children in a naturally occurring stressor situation. Elwood SW, Ferguson HB, Thakar J. Winter (4): 154.
Commentary. Relationships among negative life events, physiological reactivity, and health symptomatology. Friedman R. Winter (4): 141.
A comparison of life events scoring methods as predictors of psychological symptomatology. Zuckerman LA, Oliver JM, Hollingsworth HH, Austrin HR. Summer (2): 64.
The effects of personal interaction on triglyceride and uric acid levels, and coronary risk in a management population: A longitudinal study. Howard JH, Cunningham DA, Rechnitzer PA. Summer (2): 53.
The effect of recent life events stress, life assets, and temperament pattern on cardiovascular risk factors for Akron city policy officers. Ely DL, Mostardi RA. Summer (2): 77.
The effect of social support and the work environment upon burnout among nurses. Constable JF, Russell DW. Spring (1): 20.
